CHINA

CHINA CODE

002, 004, 006, 007, 009, 012, 013, 014, 017, 018, 019, 026, 027, 031, 048, 059, 065, 102, 108, 111

ACTION	
009	Eliminate ignition sources
012	Contain spillage, by any means
013	Prevent from entering the drains
014	Sweep/shovel to safe place
017	Avoid contact with skin
018	Avoid contact with eyes
019	Do not breathe dust
026	Keep area and containers cool
027	Ventilate area
EFFECTS OF MULTIPLE EXPOSURE	
065	May cause sensitisation by skin contact
EXTINGUISHING MEDIA	
031	Water spray / fog
HAZARDS	
059	Pollutant
PHYSICAL PROPERTIES	
048	Solid
PROTECTIVE CLOTHING	
002	Chemical splash suit
004	Breathing apparatus
006	Limit exposure to 1 BA set (30 mins)
007	For protection, seek specialist advice
RISKS	
102	Toxic fumes in fire
108	Combustible
111	Harmful if swallowed

EVACUATION - FIRE

When any large container (including road and rail tankers) is involved in a fire, consider evacuation by "100" metres in all directions.

REGULATION

UN NO	3077	EPG	9A1
DG Class	9	ERG Code	47
Subsidiary Hazard	Not Applicable		
Packing Group	III		
HAZCHEM	2Z		
Proper shipping name	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S.		

MINOR SPILLS

- Remove all ignition sources.
- Clean up all spills immediately.
- Avoid contact with skin and eyes.
- Control personal contact with the substance, by using protective equipment.
- Use dry clean up procedures and avoid generating dust.
- Place in a suitable, labelled container for waste disposal.

Environmental hazard - contain spillage.

MAJOR SPILLS

Environmental hazard - contain spillage.

Moderate hazard.

- ▶ **CAUTION:** Advise personnel in area.
- ▶ Alert Emergency Services and tell them location and nature of hazard.
- ▶ Control personal contact by wearing protective clothing.
- ▶ Prevent, by any means available, spillage from entering drains or water courses.
- ▶ Recover product wherever possible.
- ▶ **IF DRY:** Use dry clean up procedures and avoid generating dust. Collect residues and place in sealed plastic bags or other containers for disposal. **IF WET:** Vacuum/shovel up and place in labelled containers for disposal.
- ▶ **ALWAYS:** Wash area down with large amounts of water and prevent runoff into drains.
- ▶ If contamination of drains or waterways occurs, advise Emergency Services.
