

HEALTH PRODUCT DECLARATION

FOR 1 kg of <u>UltraMAX Herbicide</u> manufactured by <u>Roundup</u>

INVENTORY REPORTING FORMAT: Basic Method

PRODUCT DESCRIPTION: Herbicide

Section 1: Summary

Threshold Level: All Substances Nanomaterials Present?: No

Hazardous Fibrous Materials Present?: No

Product Hazard Rating: Low Product Regulatory Burden: Low

State: Liquid

Automated Risk Assessment Rating for Building Industry (if product is liquid):

	7 10000011101111 1	tating for Bananing ina	J (p

Long term accumulation (if product exposed to air) -:

	Total Mass - excluding water (g/kg product)
Air	2
Soil	4
Water	15
Fish	2

Section 2: Content in Descending Order of Quantity

Methyl Ethyl Ketone

RESIDUALS AND IMPURITIES NOTES: No impurities assumed to be present PRODUCT NOTES:

Acetone

%: 51

Supplier responses:

Can this substance be recycled at the end of life?	Yes
If no, will the substance stop other materials from being recyclable - if surface-treated onto that material?	No
Is the substance in nanoparticle form?	No
Is the substance in fibrous material form?	No

Water

%: 30

Supplier responses:

Can this substance be recycled at the end of life?	No
If no, will the substance stop other materials from being recyclable - if surface-treated onto that material?	-
Is the substance in nanoparticle form?	No
Is the substance in fibrous material form?	No

Ethanol

%: 19

Supplier responses:

Can this substance be recycled at the end of life?	Yes
If no, will the substance stop other materials from being recyclable - if surface-treated onto that material?	Not Yet Answered
Is the substance in nanoparticle form?	No
Is the substance in fibrous material form?	No
